

ANALYTICAL SERVICES, INC.

NEW CONTRACT AVAILABLE TO ALL FEDERAL AGENCIES!

**ARMY ENVIRONMENTAL COMMAND
ENVIRONMENTAL COMPLIANCE SERVICES (AEC-ECS)
CONTRACT #W91247-10-D-0012**

ANALYTICAL SERVICES, INC.

Analytical Services, Inc. (**AS**) (www.asincorp.com) is a **small business** specializing in environmental compliance and sustainment services since 1990. We provide our clients with high-quality technical, management, and analytical support in more than forty states from Alaska to Florida.

The federal government is our primary client and includes all services of the DoD. The U.S. Army accounts for over 60% of our DoD work. **AS'** Army clients have included more than two dozen Commands, Corps Districts, and installations.

We serve our clients from eleven regional and field offices across the country, allowing us to truly support nationwide requirements.

TEAM MEMBERS

Further complementing our capabilities is a diverse team of approved subcontractors with over 160 years of combined environmental compliance experience. Team members include Michael Baker, Jr.; ICF International; Avanti Corporation; and Bowman Consulting.

OVERVIEW OF CONTRACT

The objective of the AEC-ECS Enterprise Solution is to provide a vehicle for **performance-based environmental compliance services** to meet legal environmental requirements and to promote cost/performance efficiencies.

AUTHORIZED USERS

US Army Installation Management Command (IMCOM) Headquarters, Regional Offices, installations, AEC, and other organizations to include the US Army Corps of Engineers and non-DoD agencies.

SCOPE OF CONTRACT

AEC-ECS provides environmental compliance technical assistance in five broad categories. Example tasks include, but are not limited to, the following:

Survey, Inventory, & Investigation

- Permit application, revision, and closure for air, water and waste
- Spill Prevention, Control, and Countermeasures (SPCC) planning and implementation

- National Environmental Policy Act (NEPA) documentation and tracking
- Hazardous waste annual and biennial reporting
- Emergency Planning and Community Right-to-know Act (EPCRA) reporting
- Environmental Closure Liability reporting
- Preliminary assessment and site investigations

Program Improvement

- Recycling program development, implementation, and enhancement
- Pollution prevention opportunity assessments in support of DoD reduction goals
- Environmental Management System (EMS) development and implementation
- Geographic Information System development & maintenance
- Green procurement program development

Sampling and Analyses

- Multimedia sampling, analysis, and monitoring for permit and regulatory compliance

Training & Environmental Awards

- Environmental training development and presentation
- Nomination package preparation for environmental stewardship awards

Environmental Compliance Review

- Internal inspections and testing such as those required by SPCC
- Internal assessments and audits such as those required in implementing EMS in accordance with ISO 14000

ADVANTAGES TO THIS CONTRACT

- **No fee** for contract use by any delegated activity or agency
- **Reduced procurement time**, FedBizOpps is not required
- **Flexible, performance-based** task orders allowing firm fixed price, labor hour, time & materials, or hybrid task order pricing
- All task orders **competitively bid** among the multiple awardees

GEOGRAPHIC COVERAGE

All CONUS locations including Alaska and Hawaii.

ORDERING PERIOD

The basic ordering period and two options extend through June 30, 2015.
